NAMCO HAS DONE IT AGAIN!

Players can freeboard or gate race while performing numerous **air tricks** and listening to rock and alternative music. Two downhill courses and two levels of difficulty provide the player with four challenging options.

Players control the type of **air trick** by quickly turning and edging the snowboard left and right at the "lip" of the jump.

The players' discovery of the hidden character and **secret tricks** add another dimension to the game play that keeps them coming back for **more!**
